

## SISTERS OF ST JOHN OF GOD TRUST SCHOOLS, PAKISTAN

### CHILD PROTECTION POLICY

As a formal place of education within the Catholic Church in Pakistan, the Sisters of St John of God Trust Schools, Lahore models and transmits a philosophy of life inspired by belief in God where by each child is cherished and affirmed as precious, having basic human rights and dignity. The School Management, Principals and Staff aim at making our schools centers where professional standards are maintained and where students learn in a happy and safe environment.

Therefore our Child Protection Policy has been written and adhered to, so as to ensure that every possible measure is taken to protect children from physical, sexual and emotional harm. Children are made aware of their human rights, how they can protect themselves and where they can report any disturbing experiences.
